

Shelly Bronze

Dimensions :  
w 57cm x d 67cm x h95cm

Weight: +/- 37 kilos

Materials: Bronze Patina Black

Shelly by Peter Donders is a one surface (shell) cast from a 3D print. Based on the 3D print, a mould is made to cast the chair. At some points you can still notice the original 3D print. The limited edition chair is finished with a transparent lacquer. Shelly is a supreme example of how digital technology and crafts can be blend together. Patina Back

Limited Edition of 12
